**Shotgun Start 12:00 CST**

**Individual: \$150    Team: \$600**

## *About the Heroes Grant*

*In honor of Crystal Green*

Crystal Green was a student at Georgia Southern University before suffering a setback with Aplastic Anemia. After hundreds of hours of platelet donations and a bone marrow transplant, Crystal lost her battle shortly before her 21st birthday. In her honor, Blood Assurance established the Heroes Grant Program. The program offers grants to schools who hold blood drives during the school year. These grants can be used by the school however they see fit to benefit them and their students.
